Re: Extension of Closure Period, Jackson County Construction and Demolition(C&D)
Landfill, Permit Number 50-02

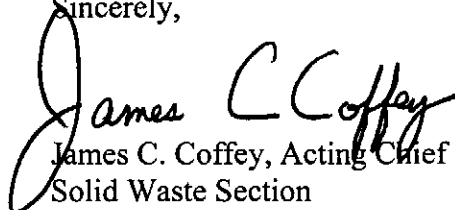

Dear Mr. McElduff:

This letter is in response to your letter dated September 21, 2001, requesting, on behalf of Jackson County, an extension of the 180-day closure period for the referenced landfill.

In accordance with Rule .1627(c)(6) of the solid waste management rules, the Solid Waste Section hereby grants an extension of the initial 180-day closure period for an additional 180 days until June 19, 2002. This extension will allow the timely implementation of a landfill gas remediation plan at the referenced landfill facility. Interim measures, including the placement of at least 6 inches of soil cover and seeding over the C&D disposal area, shall be implemented immediately and adequately maintained to prevent the exposure of waste prior to final closure activities.

If there are any questions, please contact me at (919) 733-0692, extension 256.

Sincerely,

James C. Coffey, Acting Chief
Solid Waste Section
